

I would like to take this opportunity to introduce myself. I am Maryann Schuler and I have been working for Real Living Northwest as a Property Manager for Long Term Rentals and Vacation Rentals on Anderson Island. I will be working with Cheryl Steffen and Sarah Garmire, as a team. We all work for Real Living Northwest Realtors and our new team name is "Team Totem" out of our Anderson Island, WA office. My work experience includes real estate and a combined 29 years in the customer service industry.

In 1968 when the Riviera was selling property my in-laws Dorothy and John Schuler, took the boat ride over to Anderson Island to preview property and receive a free set of pots and pans. They ended up buying a lot on Pine Place. Later "Pinewood" was built by Family labor and love and became the Schuler Clan Retreat. Subsequently, several Schuler family members also purchased Island properties and have built homes. We would spend vacations and holiday weekends on the island and fell in love with it. In 1980 we purchased a lot on Riviera Drive overlooking Puget Sound and Mt Rainer and in 1987 built the home that we now live in. Until 2010 it was our vacation and weekend getaway. We have been coming to Anderson for 46 years in all. The Island has been the place for three of our family reunions with at least a 100 family members attending. We even entered the parade as a band of Pirates. It's where most of us learned how to golf and nurture friendships. It's a small friendly community with opportunities for volunteering and social involvement today.

My husband, Larry, and I now live on the Island fulltime with our son, Martin. We also have a grown daughter, Michelle, who lives in Renton and three grandsons who reside in Enumclaw. Oh, and I can't forget our dog Tana, short for Montana a Brittany. She gives us much joy and love and she rules the roost.

I am looking forward to helping you with your rental needs, whether it be for Long Term Rentals or Vacation Rentals or for buy or selling here on Anderson Island, just give me a call .
