## **Real Living Real Estate Achieves Record High 97% Nationwide Customer Satisfaction Rating**

*Buyers and Sellers Across the Nation Give Real Living Real Estate Record High Marks*

**IRVINE, CA (DATE)** – Real Living Real Estate, the first national real estate franchisor to give clients the power to rate their customer experience, announced today that in 2015 its agents had achieved a 97% satisfaction rating from buyers and sellers across the nation. This sets a record high satisfaction rating for Real Living Real Estate agents, following seven consecutive years of 96% customer satisfaction ratings. These ratings from actual buyers and sellers have been verified by an independent research firm, Quality Service Certification, Inc. (QSC).

Through the Real Living 360 Service<sup>SM</sup> program, the network asks customers to candidly rate the performance of their real estate professional. QSC administers and validates these customer service satisfaction results following closed transactions for participating agents. The fact that actual customers complete the surveys gives the results an authority and authenticity that online, anonymous ratings lack.

“The record high survey results are extremely gratifying, but they’re not surprising to anyone who works with our agents,” said Robert McAdams Jr., president of Real Living. “Our network of Trusted Advisors<sup>®</sup> has made service its cornerstone value for more than 10 years now. Real Living 360 Service is more than a program. It’s our culture, and the performance of our professionals across the nation truly sets them apart from the rest of the industry.”

These results from thousands firmly set Real Living at the top of the real estate industry for customer satisfaction. Additionally, Real Living agents consistently ranked higher than the national industry average for repeat customers and customer referrals. A full 95% of sellers said they would use their Real Living agent again or recommend him or her to others while 96% of buyers said they would use their Real Living agent again or recommend this agent to others.

Steve Hayes, a top-producing broker at Real Living 1<sup>st</sup> Choice Real Estate Services in Loveland, CO, said that Real Living 360 Service program is a key element in the network’s service achievements. “A lot of real estate companies say they offer great service, but if you can’t back it up with real survey results, it’s just talk,” Hayes said. “Our agents are proud that their ratings and reviews come from real customers. Every survey offers an honest opportunity to learn, and every new customer offers a new opportunity to provide even greater satisfaction.”
