“Bill is an excellent real estate agent, he is in a class on his own.”

A.R., Buyer, Response Date 12/28/2016

“Amanda Heffelfinger exceeded my expectations, any and every time I had a question or needed something answered I knew I could contact Amanda. There were times throughout the process of buying my home that I did not get things answered but Amanda would always do her best to get me an answer or find a way to help me understand since I was a first time home buyer. She did an amazing job helping me purchase the home I wanted, right up until closing and still speaking with me up until this very day. I will completely and fully recommend Amanda & Real Living Spectrum Real Estate to anyone who needs to find the right home!”

N.T., Seller, Response Date 12/19/2016

“Bill is definitely a “full service” agent in every way. We had a security system and didn't want to leave it off and didn't want to give out the number for agents to use, especially with buyers looking over the agent's shoulder. That may never have been a problem, however, Bill was there to turn off and then re-arm the system whenever we were out of town house hunting in Delaware. This provided us with a great “sense of security” and certainly a more relaxed comfort level. Bill is quite knowledgeable and his suggestions certainly made our home appear more appealing to buyers, simply by de-cluttering some areas and adding different pictures online for potential buyers. If you're looking for a dedicated, knowledgeable and honest agent that will give you 100% all the time, it's definitely Bill Fonzone!!!”

He approached the process with complete confidence and knowledge, always having a plan to any problems that came along. He made a very stressful ordeal easy and sometimes fun. Enjoyed working with Bill and urge anyone looking to sell to give him a call. I will definitely use Bill in the future.”

“Craig came through for our family. We needed a bigger house but needed to sell or home first. In under 10 days our house was under contract and sold @ 99% to listing price. Craig is very knowledgeable in this business and an absolute pleasure to work with and we will look for Craig when we're ready to make another move.”

P.E., Buyer, Response Date 11/9/2016

“Bill was incredibly helpful throughout the process and provides all the guidance we needed as we worked towards buying our first house. He was always available and made sure we picked a house we liked and that was right for us. We would recommend Bill to anyone searching for a home in the area.”

J.R., Buyer, Response Date 11/8/2016

“Shopping for a home on a budget can be a challenge, not only was I on budget but I didn't know anything about buying a home. Felix helped me and my family to find our first home. He showed us properties within our price range, and in great areas. He took time to educate me on the fundamentals of home ownership. Buying a home is a pretty big deal, and I'm glad to have had Felix in my corner.”

Y.H., Seller, Response Date 8/22/2016

“Bill Fonzone provided outstanding service in helping us sell our home for the very first time. So outstanding that we were out-of-state the entire time and never had face to face contact but we trusted Bill to take care of us. Would recommend him if anyone was looking to buy or sell their home. You won't regret it!”
